She is only the second “Divas Champion” of the WWE. The first Diva to hold that title is Jacqueline. Reigns have officially begun! Charlotte has a long history of growing up with the WWE. She is the daughter of legendary wrestling promoter and “Mr. Mother” Ric Flair. She worked in numerous independent promotions before signing her “dream contract” with the WWE. She has become one of WWE’s top stars over the last couple years and continues to grow in popularity with each passing day. Her moving in is a perfect addition to the rich history of the WWE Divas division. The WWE has made efforts to correct the poor exposure the Divas division has had in the past. With the rise of the NXT brand, the WWE has started to show more of the talents in the Divas division. Charlotte is one of those talents that has become a mainstay on the main roster. Will The Night Of Charlotte Become Another Ric Flair Moment? Ric Flair has been treated as a sort of god by his fanbase. Ric is an incredibly gifted

An amazing Super Bowl commercial for Budweiser has confused several people for the reason that the ad has a new famous person every 30 seconds. The advertisement clearly references classic Super Bowl ads like "Pour Some Sugar on Me", "Home of the Brave", and the JNCO pants commercial but with a different celebrity in every appearance. The ad debuted during the Super Bowl on February 6, 2015. ABC News reported that despite the fact that the ad has appeared so many times, people are still somewhat confused.Q: In Ubuntu 15.04 /usr/lib/gtk-3.0/2.0/libgtkfilechooserbutton.so file not found I've downloaded Ubuntu 15.04 yesterday. And now whenever I try to run any program, it gives errors saying libgtkfilechooserbutton.so not found. I've tried to install any GTK packages. I think i've tried everything. Anyone know what to do? I'm kinda desperate. A: I had the same problem. You may face it when upgrading to 16.04. I solved the problem for myself by removing those dpkg errors. Below are the steps I did. Hope you have atleast that much information. For those who want details if it will be important, here is what I got in the logs. I use Chromium-browser. Steps I took 1) Removing missing file for all GTK packages apt-get remove libgtk2.0-0 libgtk2.0-bin libgtk2.0-common libgtk2.0-0-dbg libgtk2.0-doc libappindicator1 libatk-adaptor libatk1.0-0 libatk-adaptor-dev libatk1.0-0-dbg libatk-adaptor-dev libautoclean1 libautoclean1-dbg
